Product Rationalization – HI-TEMP™ 900

Dear Valued Customer,

We are writing you to advise you the phase out of *HI-TEMP 900* in the EMEA region.

HI-TEMP 900 is replaced by HI-TEMP™ 1027 HD: a highly durable coating offering excellent corrosion and weathering resistance, as well as less damage during transportation.

HI-TEMP 900 phase out is immediate, new project should be quoted with *HI-TEMP 1027 HD*.

If you would like to discuss any aspect of this deletion in more detail, do not hesitate to contact your local sales representative or technical sales support representative.

Yours Faithfully

A handwritten signature in black ink, appearing to read 'Mathieu', with a horizontal line extending to the right.
