Product Rationalization – PPG AQUACOVER™ 20/25 and PPG AQUACOVER™ 40/45 phase out

Dear Valued Customer,

We are writing to advise you of the phase out of *PPG AQUACOVER 20/25* and *PPG AQUACOVER 40/45* due to a raw material discontinuation.

PPG AQUACOVER 20 and *PPG AQUACOVER 25* are one-component, waterborne zinc phosphate primer/coatings, based on acrylic dispersion. *PPG AQUACOVER 40* and *PPG AQUACOVER 45* are one-component, waterborne acrylic dispersion finishes.

These products contain a raw material that will be no longer available. Thus *PPG AQUACOVER 20/25* and *PPG AQUACOVER 40/45* will be deleted from our EMEA assortment, effective immediately. Please contact your customer service or sales representative for our stock situation.

Currently we are working on suitable replacement for *PPG AQUACOVER 20/25* and *PPG AQUACOVER 40/45* and will communicate more in details when ready.

If you would like to discuss any aspect of this in more detail, please do not hesitate to contact your local account manager.

Yours Faithfully
